With Requirements For Patent Applications Containing Nucleotide
Sequence and/or Amino Acid Sequence Disclosures – Filing Date Granted
– July 25, 2005)

REMARKS

By this Amendment, Applicants, through their attorney, are directing, pursuant to 37 CFR §1.821(e), the entry into the specification of this '104 application, of the Sequence Listing, including the compliant computer readable form ("CRF") thereof, filed in connection with this '104 application's parent '075 application. A copy of the Sequence Listing as filed in the '075 application is attached herein as Appendix 1 and a copy of the self-addressed stamped return postcard acknowledging receipt by the United States Patent and Trademark Office ("USPTO") Mailroom of said Sequence Listing is annexed hereto as Appendix 2. This direction relative to entry into the instant specification of the Sequence Listing, including the compliant CRF thereof, conforms with one of the requirements of the Notice.

In further compliance with the Notice, Applicants state, through their attorney, that the paper and CRF copy of the Sequence Listing in this '104 application is identical to the CRF filed in the related parent '075 application.

No fee is believed due in connection with this Amendment. If any fee or fees are due, however, the USPTO is hereby authorized to charge the amount of any such fee to Deposit Account 05-1135, or to credit any overpayment thereto.
